

USE AGREEMENT

This USE AGREEMENT is entered into between the UNITED STATES OF AMERICA (hereinafter referred to as the "Government"), acting through the DEPARTMENT OF ENERGY (hereinafter referred to as "DOE"), and Frank and James Rodgers (hereinafter referred to as the "Grantor"),

WITNESSETH THAT

WHEREAS, DOE, through its authorized representatives, agents, contractors, and subcontractors desires to perform, pursuant to Public Laws 95-91, Department of Energy Organization Act, and 96-463, Comprehensive Environmental Response, Compensation and Liability Act of 1980 as amended by 99-499, Superfund Amendments and Reauthorization Act of 1986, certain data-gathering, testing, exploration, and other work on the Grantor's portion of property as shown within Parcel "A" on the map attached hereto as Exhibit A in connection with DOE's Interagency Agreement dated January 22, 1991 and

WHEREAS, the Grantor owns and controls the property designated in Exhibit A,

NOW THEREFORE, it is agreed that

- 1 The Grantor owns and controls certain real property (hereinafter referred to as the "Property"), designated in Exhibit A, and hereby grants to DOE, its authorized representatives, agents, contractors, and subcontractors without payment of any land use charge, right of entry in, across, and over the Property to carry out the environmental monitoring activities as described in Exhibit B, PROVIDED, that such right of entry is subject to existing easements for public roads and highways, public utilities, railroads and pipelines, PROVIDED FURTHER, that such grant of right of entry reserves to the Grantor, his heirs, executors, administrators, successors and assigns, all right, title, interest and privilege as may be used and enjoyed without interfering with or

1/72

abridging the rights hereby granted to DOE, its authorized representatives, agents, contractors, and subcontractors

2. The Government shall be responsible for any loss or destruction of, or damage to, the Grantor's real and personal property caused by the activities of DOE in exercising any of the rights hereby granted in this Use Agreement. PROVIDED, that such responsibility shall be limited to restoration of such real and personal property to a condition comparable to its condition on the effective date of the Use Agreement by techniques of back-filing, seeding, sodding, landscaping, repair or replacement, and such other methods as may be agreed to between the parties, subject to the availability of appropriated funds.
- 3 The provisions of this Use Agreement shall be binding upon and shall inure to the benefit of the heirs, executors, administrators, personal representatives, successors, and assigns of the Grantor. The Grantor shall notify the Realty Officer if the Property is, or at any time during the term of the Agreement should become leased, sold, or otherwise transferred to another party. The "Realty Officer" means the person executing this Use Agreement on behalf of the Government, and any other officer or civilian employee who is properly designated Realty Officer, and the term includes, except as otherwise provided in this Use Agreement, the authorized representative of a Realty Officer acting within the limits of his authority. The Grantor shall also give written notice to any purchaser, lessee, or transferee of the applicability of the rights of the Government contained in this Use Agreement when such purchase, lease, or transfer takes place during the term of this Use Agreement
4. The effective date of this Use Agreement shall be the date of execution by the Government. The term of this Use Agreement shall commence on the effective date hereof and shall continue for three years unless sooner terminated by the Government or Grantor by sixty-day prior written notice to the other

- 5 Title to all personal property brought to the Property by DOE during the term of this Use Agreement shall remain in the Government, and such title shall not be effected by incorporation or attachment thereof to any property not owned by the Government, nor shall such personal property, or any part thereof, become a fixture or lose its identity as personal by reason of affixation to any realty. DOE shall remove all such personal property no later than 90 days after the expiration or termination of the Use Agreement.

The Grantor shall not be liable for any loss of or damage to Government-owned or Government-Furnished property, or for expenses incidental to such loss or damage, except that the Grantor shall be responsible for any such loss or damage (including expenses incidental thereto) which results from the willful misconduct, gross negligence, or lack of good faith of the Grantor.

- 6 The Government shall have unlimited rights in all technical data first produced or specifically used in the performance of the work and experiments in connection with this Use Agreement. Further, technical reports from DOE contractors or subcontractors shall be required for delivery to the Government and shall be made available to the public without restriction. For the purposes of this Use Agreement, the terms "technical data" and "unlimited rights" shall have the same meaning as provided in 927 401/Department of Energy Acquisition Regulation (DEAR)
- 7 DOE shall obtain all necessary permits or licenses and abide by all applicable Government, state, and local laws, regulations, and ordinances
- 8 If the Property is subject to any leases, subleases, or assignments of rights, the Grantor shall obtain the consent of the lessors, lessees, sublessees, and assignees as appropriate, to enter into this Use Agreement. Such consent shall be evidenced by their signatures in the space provided on the signature page

### OU 3 RFI/RI SAMPLING ACTIVITY DESCRIPTIONS -Frank and James Rodgers

The planned OU 3 sampling activities are detailed in the RFI/RI Work Plan. The Work Plan outlines the purpose, objectives, rationale and methods used to evaluate the presence or absence of contamination within OU 3. The Work Plan is based on the requirements of the Interagency Agreement (IAG) between the Department of Energy (DOE), the Environmental Protection Agency (EPA) and the State of Colorado Department of Health (CDH).

OU 3 sampling activities began in April, 1992 and are scheduled for completion by spring of 1993. A Final RFI/RI Report which details the results and conclusions from this study is scheduled for completion in January, 1994. The Access Agreement period is extended for three years to cover any follow up activities that may be required during development of the Final RFI/RI Report.

The map, attached to this correspondence, shows the location of the sampling activity. The sample location will be surveyed prior to, or during the sampling event. Field adjustments could be made at the time of sampling to adjust specific sampling locations.

Sampling activities will not adversely effect environmental resources. OU 3 sampling activities on the Rodgers property involve collection of soil data. The collection of surface soil samples involves removing one quarter to one half inch of surface soil from a 3 X 3 inch square in 25 locations within a ten acre plot. The ten acre plot locations are shown on the Exhibit A map.

### OU 3 RFI/RI SAMPLING ACTIVITY DESCRIPTIONS -J R Coleman

Operable Unit 3 (OU 3) is defined as the area offsite from the Rocky Flats Plant. The planned OU 3 sampling activities are detailed in a Work Plan that outlines the purpose, objectives, rationale and methods used to evaluate the presence or absence of contamination within OU 3. The Work Plan is based on the requirements of the Interagency Agreement (IAG) between the Department of Energy (DOE), the Environmental Protection Agency (EPA) and the State of Colorado Department of Health (CDH). This Work Plan is publicly available and information concerning the location of an available copy can be found by calling EG&G Community Relations at 966-2986.

OU 3 sampling activities began in April, 1992 and are scheduled for completion by spring of 1993. A Final Report which details the results and conclusions from this study is scheduled for completion in January, 1994.

The map, attached to this correspondence, shows the location of sampling activity. The sample location will be surveyed prior to the sampling event. Field adjustments could be made at the time of sampling to adjust specific sampling locations.

Sampling activities will not adversely effect your property. OU 3 sampling activities on this property involve collection of surface soil sample. The collection of surface soil samples involves removing one quarter to one half inch of surface soil from a 3 X 3 inch square in 25 locations within a ten acre plot. The approximate ten acre plot location is shown on the Exhibit A map.

USE AGREEMENT

This USE AGREEMENT is entered into between the UNITED STATES OF AMERICA (hereinafter referred to as the "Government"), acting through the DEPARTMENT OF ENERGY (hereinafter referred to as "DOE"), and Charles R. Sullivan (hereinafter referred to as the "Grantor"),

WITNESSETH THAT

WHEREAS, DOE, through its authorized representatives, agents, contractors, and subcontractors desires to perform, pursuant to Public Laws 95-91, Department of Energy Organization Act, and 96-463, Comprehensive Environmental Response, Compensation and Liability Act of 1980 as amended by 99-499, Superfund Amendments and Reauthorization Act of 1986, certain data-gathering, testing, exploration, and other work on the Grantor's portion of property as shown within Parcel "A" on the map attached hereto as Exhibit A in connection with DOE's Interagency Agreement dated January 22, 1991 and

WHEREAS, the Grantor owns and controls the property designated in Exhibit A,

NOW THEREFORE, it is agreed that

- 1 The Grantor owns and controls certain real property (hereinafter referred to as the "Property"), designated in Exhibit A, and hereby grants to DOE, its authorized representatives, agents, contractors, and subcontractors without payment of any land use charge, right of entry in, across, and over the Property to carry out the environmental monitoring activities as described in Exhibit B, PROVIDED, that such right of entry is subject to existing easements for public roads and highways, public utilities, railroads and pipelines, PROVIDED FURTHER, that such grant of right of entry reserves to the Grantor, his heirs, executors, administrators, successors and assigns, all right, title, interest and privilege as may be used and enjoyed without interfering with or

abridging the rights hereby granted to DOE, its authorized representatives, agents, contractors and subcontractors. Notwithstanding the foregoing, such grant shall be construed as only a license and shall terminate by its terms 60 days after delivery hereof.

2. The Government shall be responsible for any loss or destruction of, or damage to, the Grantor's real and personal property caused by the activities of DOE in exercising any of the rights hereby granted in this Use Agreement: PROVIDED, that such responsibility shall be limited to restoration of such real and personal property to a condition comparable to its condition on the effective date of the Use Agreement by techniques of back-filling, seeding, sodding, landscaping, repair or replacement, and such other method as may be agreed to between the parties, subject to the availability of appropriated funds.
3. The provisions of this Use Agreement shall be binding upon and shall inure to the benefit of the heirs, executors, administrators, personal representatives, successors, and assigns of the Grantor. The Grantor shall notify the Realty Officer if the property is, or at any time during the term of the Agreement should become leased, sold, or otherwise transferred to another party. The "Realty Officer" means the person executing this Use Agreement on behalf of the Government, or any other officer or civilian employee who is properly designated Realty Officer; and the term includes, except as otherwise provided in this Use Agreement, the authorized representative of a Realty Officer acting within the limits of his authority. The Grantor shall also give written notice to any purchaser, lessee, or transferee of the applicability of the rights of the Government contained in this Use Agreement when such purchase, lease, or transfer takes place during the term of this Use Agreement.
4. The effective date of this Use Agreement shall be the date of execution by the Government. The term of this Use Agreement shall commence on the effective date hereof and shall continue for two months unless sooner terminated by the Government or Grantor by twenty-day prior written notice to the other.

5. Title to all personal property brought to the Property by DOE during the term of this Use Agreement shall remain in the Government, and such title shall not be affected by incorporation or attachment thereof to any property not owned by the Government, nor shall such personal property, or any part thereof, become a fixture or lose its identity as personal by reason of affixation to any realty. DOE shall remove all such personal property no later than 90 days after the expiration or termination of the Use Agreement and shall forthwith repair any damage caused by the actions of the Government. No permanent improvement, device, equipment or other thing or physical object shall be installed or remain on the Property. Any well, shaft, piezometer, pipe or other similar item shall not remain on the Property and all holes, borings, shafts shall be properly filled and compressed prior to the end of the term.

The Grantor shall not be liable for any loss or damage to Government-owned or Government-Furnished property, or for expenses incidental to such loss or damage, except that the Grantor shall be responsible for any such loss or damage (including expenses incidental thereto) which is caused by the actual act or willful misconduct, or gross negligence of the Grantor.

6. The Government shall have unlimited rights in all technical data first produced or specifically used in the performance of the work and experiments in connection with this Use Agreement. However, the Government shall provide Grantor with all data obtained; any analysis thereof and all reports generated in connection therewith within five days after receipt thereof. In addition, upon written request, DOE shall provide split samples to Grantor. Further, technical reports from DOE contractors or subcontractors shall be required for delivery to the Government and shall be made available to the public without restriction. For the purposes of this Use Agreement, the terms "technical data" and "unlimited rights" shall have the same meaning as provided in 927.401/Department of Energy Acquisition Regulation (DEAR).
7. DOE shall obtain all necessary permits or licenses and abide by all applicable Government, state, and local laws, regulations, and ordinances at its sole cost and expense.
8. If the Property is subject to any leases, subleases, or assignments of rights, the Grantor shall obtain the consent of the lessors, lessees, sublessee, and assignees as appropriate, to enter into this Use Agreement. Such consent shall be evidenced by their signatures in the space provided on the signature page.

9. The Government shall notify the Grantor at least 24 hours prior to the sampling event.

IN WITNESS WHEREOF, the parties hereto have executed this Use Agreement in several counterparts.

abridging the rights hereby granted to DOE, its authorized representatives, agents, contractors, and subcontractors

- 2 The Government shall be responsible for any loss or destruction of, or damage to, the Grantor's real and personal property caused by the activities of DOE in exercising any of the rights hereby granted in this Use Agreement PROVIDED, that such responsibility shall be limited to restoration of such real and personal property to the original condition on the effective date of the Use Agreement by techniques of back-filling, seeding, sodding, landscaping, repair or replacement, and such other methods as may be agreed to between the parties, subject to the availability of appropriated funds.
- 3 The provisions of this Use Agreement shall be binding upon and shall inure to the benefit of the heirs, executors, administrators, personal representatives, successors, and assigns of the Grantor. The Grantor shall notify the Realty Officer if the Property is, or at any time during the term of the Agreement should become leased, sold, or otherwise transferred to another party. The "Realty Officer" means the person executing this Use Agreement on behalf of the Government, and any other officer or civilian employee who is properly designated Realty Officer, and the term includes, except as otherwise provided in this Use Agreement, the authorized representative of a Realty Officer acting within the limits of his authority. The Grantor shall also give written notice to any purchaser, lessee, or transferee of the applicability of the rights of the Government contained in this Use Agreement when such purchase, lease, or transfer takes place during the term of this Use Agreement.
- 4 The effective date of this Use Agreement shall be the date of execution by the Government. The term of this Use Agreement shall commence on the effective date hereof and shall continue for 35 months unless sooner terminated by the Government or Grantor by sixty-day prior written notice to the other.

## Use Agreement No

5. Title to all personal property brought to the Property by DOE during the term of this Use Agreement shall remain in the Government, and such title shall not be effected by incorporation or attachment thereof to any property not owned by the Government, nor shall such personal property, or any part thereof, become a fixture or lose its identity as personal property by reason of affixation to any realty. DOE shall remove all such personal property no later than 90 days after the expiration or termination of the Use Agreement

The Grantor shall not be liable for any loss of or damage to Government-owned or Government-furnished property, or for expenses incidental to such loss or damage, except that the Grantor shall be responsible for any such loss or damage (including expenses incidental thereto) which results from the willful misconduct, gross negligence, or lack of good faith of the Grantor

- 6 The Government shall have unlimited rights in all technical data first produced or specifically used in the performance of the work and experiments in connection with this Use Agreement Further, technical reports from DOE contractors or subcontractors shall be required for delivery to the Government and shall be made available to the public without restriction Such data shall be provided to the Grantor when available, at the Grantor's request For the purposes of this Use Agreement, the terms "technical data" and "unlimited rights" shall have the same meaning as provided in 927 401/Department of Energy Acquisition Regulation (DEAR)
- 7 DOE shall obtain all necessary permits or licenses and abide by all applicable Government, state, and local laws, regulations, and ordinances
- 8 If the Property is subject to any leases, subleases, or assignments of rights, the Grantor shall obtain the consent of the lessors, lessees, subleases, and assignees as appropriate, to enter into this Use Agreement Such consent shall be evidenced by their signatures in the space provided on the signature page

Use Agreement No.

9. DOE agrees to keep the Open Space property free and clear from any and all liens for labor, materials, subcontracts, and any and all other services or materials in connection with the surface soil sampling.
10. The sampling contractor shall carry the following minimum amounts of insurance.
  - a. Workers Compensation in statutory limits.
  - b. Comprehensive General and Automotive Liability Policy for amounts not less than:
    - Bodily Injury:
      - \$150,000 each person, including death
      - \$600,000 each occurrence
    - Property Damage.
      - \$50,000 each occurrence
11. This Use Agreement constitutes the entire understanding between the parties and supersedes any prior agreement or understanding related to the subject matter of this Use Agreement.

This Use Agreement may be modified or amended only by a duly authorized written instrument executed by the parties hereto.

In WITNESS WHEREOF, the parties hereto have executed this Use Agreement in several counterparts

### OU 3 RFI/RI SAMPLING ACTIVITY DESCRIPTIONS -BOULDER OPEN SPACE

The planned OU 3 sampling activities are detailed in the RFI/RI Work Plan. The Work Plan outlines the purpose, objectives, rationale and methods used to evaluate the presence or absence of contamination within OU 3. The Work Plan is based on the requirements of the Interagency Agreement (IAG) between the Department of Energy (DOE), the Environmental Protection Agency (EPA) and the State of Colorado Department of Health (CDH).

OU 3 sampling activities began in April, 1992 and are scheduled for completion by spring of 1993. A Final RFI/RI Report which details the results and conclusions from this study is scheduled for completion in 1994. The Access Agreement period is extended for 35 months to cover any follow up activities that may be required during development of the Final RFI/RI Report.

The map, attached to this correspondence, shows locations of sampling activities. Sample locations will be surveyed prior to the sampling event. Field adjustments could be made at the time of sampling to adjust specific sampling locations.

Sampling activities will not adversely effect environmental resources. OU 3 sampling activities on Boulder Municipal Property Authority property involve collection of soil data. The collection of surface soil samples involves removing one quarter to one half inch of surface soil from a 3 X 3 inch square in 25 locations within a ten acre plot. The ten acre plot locations are shown on the Exhibit A map.

### OU 3 RFI/RI SAMPLING ACTIVITY DESCRIPTIONS -RYAN PROPERTY

The planned OU 3 sampling activities are detailed in the RFI/RI Work Plan. The Work Plan outlines the purpose, objectives, rationale and methods used to evaluate the presence or absence of contamination within OU 3. The Work Plan is based on the requirements of the Interagency Agreement (IAG) between the Department of Energy (DOE), the Environmental Protection Agency (EPA) and the State of Colorado Department of Health (CDH).

OU 3 sampling activities began in April, 1992 and are scheduled for completion by spring of 1993. A Final RFI/RI Report which details the results and conclusions from this study is scheduled for completion in January, 1994. The Access Agreement period is extended for three years to cover any follow up activities that may be required during development of the Final RFI/RI Report.

The map, attached to this correspondence, shows locations of sampling activities. Sample locations will be surveyed prior to the sampling event. Field adjustments could be made at the time of sampling to adjust specific sampling locations.

Sampling activities will not adversely effect environmental resources. OU 3 sampling activities on the Ryan property involve collection of soil data. The collection of surface soil samples involves removing one quarter to one half inch of surface soil from a 3 X 3 inch square in 25 locations within a ten acre plot. The ten acre plot locations are shown on the Exhibit A map.

USE AGREEMENT

This USE AGREEMENT is entered into between the UNITED STATES OF AMERICA (hereinafter referred to as the "Government"), acting through the DEPARTMENT OF ENERGY (hereinafter referred to as "DOE"), and Stephen E.
